

Monitoring bin levels
has never been
this easy.

The New Generation of Level Indicators

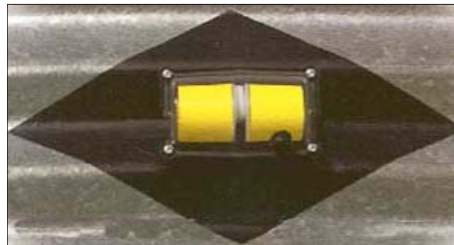

Effective January 1, 2018

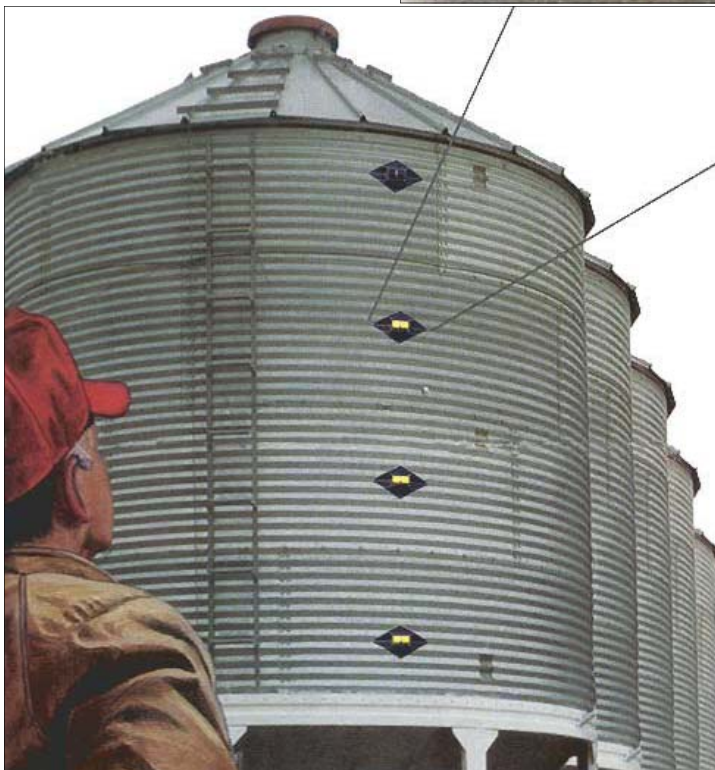

The Mechanics are Simple:

As your bin material reaches the LevALERT® indicator, it pushes against the rubber activator, turning the color tube from black to a bright yellow color. When material recedes it automatically darkens again... ready for the next fill!

Part# LEV-760

Price \$127

You asked for...

Easy installation: Fully assembled and ready to install from *outside* your bin

High visibility: Can be easily seen from 200 feet, day or night

No electricity required: Completely mechanical

Adaptability: Easily accessorized with an optional electrical sensor to activate horns, lights, motors, etc.

Increased safety: Virtually eliminates the need to climb bins to check their levels

A money saver: Greatly improves your operation by saving you time, wear and tear on equipment... and your body. You only need a second to check how full or, sometimes more importantly, how empty your bin is.

Freight: F.O.B Fargo, ND

Terms: Cash

Prices subject to change without notice.
